Housing Management Keys

The Federation has created a new resource series called the “**Housing Management Keys**” which are information sheets for the community housing sector. Staff can download these forms and use them as a resource guide. Providers are encouraged to access these information sheets online from our NSWFHA Resource Bank under the heading [Housing Management Keys](#). These keys are best utilised as a resource document or as a training information tool.

Our first Housing Management Key is on “**The Residential Tenancies Act (2010)**”. This Key describes the main legislative changes under the new Act and will be a useful tool as associations consider the changes needed in their systems and policies under the new legislation.

The next Housing Management Keys will be:

1. Handling threatening behaviour
2. Rental reform
3. Pre planning for exit from fixed term supported housing
4. Mandatory Reporting –Keep Them Safe
5. Absence from dwelling

Feel free to contact the NSWFHA on 02 9281-7144 to speak to a Training Resource Worker about any future Information sheets you would like us to create for you in servicing your community housing needs in 2011.
