### Inaugural development network meeting, 22<sup>nd</sup> September

#### [Agenda items sought](#)

The inaugural meeting of the community housing development network will be held at the Federation's offices on Tuesday 22<sup>nd</sup> September from 10.00 to 12.30.

This will be an exciting opportunity for staff and directors of associations that are already developing property to come together and share their experiences to date. The Federation believes that there is much to gain from a collaborative approach to development within the sector and that this new network can make a significant contribution towards this. Associations that are intending to develop their own properties in future are also welcome to attend.

As far as possible, we would like the network to be owned by the members, with the Federation in a supporting role. We see the inaugural meeting as a chance for members to network and map out the role that they think the group should play in future.

The Federation is currently running a development skills building project with the University of Western Sydney. We will update you on progress so far and we will also encourage associations to brief the sector on their current projects.

We are currently developing the agenda for the event – please contact Adam West with your suggestions or any questions on 9281 7144 x 211 or email at:  
[adamwest@communityhousing.org.au](mailto:adamwest@communityhousing.org.au)

Please register for this free event using the registration form attached to this email.

### UWS Introduction to Property Development course

Some of your colleagues may be interested in the University of Sydney's

Introduction to Property Development course which will be held on 17<sup>th</sup> and 18<sup>th</sup> September. Previous runs of this session have been extremely well received by housing association staff. More information is available at:
